

EMPWR – Industrial Maintenance Tech

Industrial Maintenance Tech

At EMPWR USA, Inc. we are not sitting still. In McMinnville, we currently have three production lines and beginning the expansion of a 4th!

Industrial Maintenance Technicians are responsible for performing highly diversified duties to install, troubleshoot, repair and maintain production and facilities equipment according to company and industry safety standards. Our maintenance team is trained in full facilities maintenance!

Will you join our team as an Industrial Maintenance Technician?

A day in the life:

- At our facility, you will get to work with brand new, state-of-the-art equipment and there is more on the way as we expand our production capacity!
- Perform installations, and repairs on a wide variety of facility equipment fixtures and systems.
- Effectively communicate with production and mechanical teams regarding concerns, maintenance issues, and other mechanical needs.
- Maintain equipment and perform basic mechanical tasks to keep equipment in top operational condition.
- Perform electrical repairs and troubleshoot for the following: PLC controls, AC & DC motor controls, solid state motor controls, advanced circuits, and grounding, interpret diagrams and test equipment.
- Assist in troubleshooting mechanical, electrical, hydraulic issues, pneumatics, and hydraulics.
- Perform daily inspections, scheduled maintenance, emergency repairs, and routine adjustments to machinery and facility.
- Perform simple machinist duties and responsibilities.
- Read and interpret equipment manuals and work orders to perform required maintenance and service.
- Perform a variety of plumbing maintenance, carpentry functions, building and ground maintenance.
- Use a variety of hand and power tools, electric meters, and material

handling equipment in performing duties.

- Comply with safety regulations and maintain clean and orderly work areas.
- Understand and follow Standard Operating Procedures (SOPs) and Good Manufacturing Practices (GMPs) that pertain to your area.

What you bring:

- We do not provide basic tools, such as hammers, drills, screwdrivers etc. You will be expected to provide your own. Should any of your tools break while working at our facility, we will replace them.
- Basic Office 365 skills.
- Experience operating a Maintenance software a plus.
- Basic math skills such as addition, subtraction, multiplication, and division
- Ability to effectively communicate in English.
- Able to work in a team environment.
- Must be available to work any shift-including potential rotating schedules.
- Must be available to work overtime hours if needed.
